INDUSTRIAL ACTIVITIES CONTINUE IN THE VALLEY

Much Better Showing is Being Made than Last Year.

FACTORIES ARE OPERATING

Coal Mines Proving a Big Factor also in Establishing Prosperous Conditions.

Increased industrial activities have been most noticeable and freely commented upon in this valley within the past few months. Trade has boomed in all departments, and such has been the change that from the large percentage of idle men last year at this period there is now not enough men for the many jobs. In fact it is not at all difficult for one willing to work to secure a position.

Nearly all the mines along the Monongahela Valley are running now and the amount of coal that is being shipped to other points is surprising. The railroad is now handling a bulk of trade such as it had not enjoyed for two years or more. Hundreds of cars pass through Charleroi to Pittsburg and other places daily, laden mostly with coal and coke, but containing some products from factories along the valley. In fact so great is the demand for coal and coke, especially the latter, that the producers are unable to entirely meet it. During the dull period there was no demand, and little was laid away for the future, so that with the coming on of more prosperous times, the little aleady on hand was exhausted and orders are being received daily for more than can be readily [illegible].

In Charleroi there has been much improvement over the year 1908. In March of that year the Pittsburg Plate Glass factory here closed down and remained so for about seven months, only being stated when the plant at Tarentum burned in October. The Hamilton Bottle factory was closed, and part of the Macbeth-Evans chimney force was laid off all summer and late into the fall. The Hussey-Binns Shovel plant was operating, it might be said occassionally, and the Charleroi Coal mines were not reaching near their former output. Now all the factories named above and the Charleroi Coal mines are in operation, employing a total, it is estimated of about 3,000 people. The estimated monthly pay is in the neighborhood of $125,000 or $130,000 not including the money which would naturally reach Charleroi through outside channels.

Indications are for steady runs of the factories, and with the mines operating hereabouts in places north and south of here, this part of the county will probably reach within the next few months the highest stage of industrial development in its history.

Fayette City to Protect Merchants

Now to Pass Bills there Requires License Costing $6.00.

The Fayette City council has passed an ordinance requiring a license costing $6 for the privilege of distributing hand bills from house to house in that town. This is regarded as more or less of a nuisance by the residents and officials of most towns, requiring to a certain extent police surveillance and extra expense in street cleaning. Incidentally it is a protection to the home merchants by keeping out in a measure advertising matter of outside competitive firms.

FIRE BOSSES ARE NEEDED

Demand will Cause State Department to Call for Examinations.

From the demand for fire bosses in mines of Pennsylvana it is likely that the State Department of Mines will issue in the near future a call for examinations. The demand is probably more noticeable in this immediate section, where new mines are opening up and increased working forces being put on in the old ones.

Although the State department has not announced its intention yet of taking this action, it is said it is bound to come. Recently a mine superintendent of this vicinity received a call from the Frick people of Fayette county for several fire bosses. Two were sent but there is still a demand for more.

With the changing of the district in Pennsylvania this section was given another district, the 21st. The inspector for it is F. W. Cunningham of Charleroi. It comprises the territory on both sides of the river, from North Charleroi to the Diamond mines of Brownsvile. The first district, in which Monongahela is included, and in which Charleroi was formerly, is under Inspector Alex. McCanch. The Brownsville district, No. 16, is under Inspector Howarth.

The examining board of the new 21st district has not been selected by Mr. Cunnigham thus far. The 1st district board is composed of Inspector McCanch, John McVicker of Monongahela and A. N. Jenkins of Charleroi.

It is probable that the examinations for mine foreman will be held earlier than usual, and those desiring to take it, are requested to begin work. Any fire boss that desires a position at the present time is invited to confer with the inspectors of the district.

Hotel Changes Name.

The name of the Hotel Beatty at Monongahela, has been changed to Hotel Glasser, after the proprietor of that popular hostelry.

MINERS RECEIVE THREE WEEKS' PAY SATURDAY

The coal miners in this vicinity will have a three weeks' pay on Saturday, and the merchants are preparing for a big week's end trade. It is not many times in the year that the mines have a three weeks pay, and when they do it means a good business for the stores and business places of Charleroi. This is the center of a group of mines of which the pay is large. The mines pay every two weeks with the exception of about four tims each year. At this time the pay is of course more than the average and means increased trade for the merchants.

TEACHERS WILL TAKE UP STUDY OF NATURE IN THEIR MONTHLY MEETINGS

Will Prepare to Give Instruction Later in the Subject—Superintendent Pentz Forms Outline,

SCHOOLS SHOW MUCH PROGRESS EARLY IN YEAR

In the course of a week or so the teachers of the Charleroi schools will take up the study of nature and class room management as a special professional training course, the idea being that they can in this way be greatly benefitted for their daily school work. It is intended also to have the study of nature included in the regular school course here and the teachers expect to fully prepared to give instructions in it.

The idea is one of Prof. Pentz' the superintendent, and it is under his direction that the studies will be taken up. At present he is preparing an outline, and will place this in the hands of the teachers within short time. Thereafter monthly meetings will be held, and ideas of the work in hand discussed. Nearly every teacher has purchased books, "Hodge's Nature Study of the Land," and "Bagley's Class Room Management" to be used. It is not the intention to have an organization of teachers, but merely to hold meetings as a body at which time there will be general discussions of the text. The teachers are taking much interest in the matter and feel that such a course will prove of inestimable value to them.

In the past teachers have had courses similar to this, but it is not thought on such an extensive scale as this will be. The schools thus far this month are in good shape. There is a good attendance, and much better than last year. Excellent work is being done in every room, and indications are that this will be a banner year for the Charleroi schools.

CHARLEROI COUPLE WAITED UNTIL CENTENNIAL TIME TO BE MARRIED

John K. Carson and Miss Belva L. Duvall Wedded at Pittsburg by Rev. H. C. Boblitt.

The Gazette Times this morning published the announcement of the wedding of John Kitts Carson of Fallowfield township and Miss Belva L. Duvall of Coal Centre. With the article it also published a picture of the couple with Rev. H. C. Boblitt who performed the ceremony and Dr. John A. Jayne, who arranged matters at Pittsburg. The Gazette Times said:

"The publicity office in the Disciples of Christ headquarters on Liberty street was yesterday afternoon the scene of the marriage ceremony which made Miss Belva L. Duvall Mrs. John Kitts Carson. For two months the happy Charleroians have been delaying this momentous event in ther lives so that the wedding could be solemnized during the centennial anniversary of the founding of the church in which they are loyal workers.

"The Rev. H. C. Boblitt, pastor of the First church of Charleroi, accompanied Miss Duvall and Mr. Carson to the city yesterday. Long ago they had told him that he was to perform their marriage ceremony, and the scene would be the headquarters building of the Disciples of Christ. He sent word to the Rev. Dr. John A. Jayne, chairman of the publicity bureau, that he would arrive in the city with the couple yesterday.

"The Charleroi party was delayed and Dr. Jayne saw visions of a postponement of the wedding because of the closing of the marriage license office. He arranged to have this important bureau of the county government remain open. When the bridal party arrived Dr. Jayne placed his office at its disposal. The Rev. Mr. Boblitt performed the ceremony and Dr. Jayne offered a prayer.

"The big crowd at headqarters thronged about Mr. and Mrs. Carson to offer congratulations. In the midst of the handshaking Dr. Jayne asked the bride to spell her last name and of course she gave the letters which formed "Duvall."

"Oh, no," said Dr. Jayne, "it's Carson for the remainder of your journey through life."

Mr. and Mrs. Carson will remain at the Fort Pitt hotel until the close of the convention and then will take an eastern trip.

They will reside in Fallowfield township on a farm of Mr. Carson's. The bride is a sister of D. R. Duvall the Charleroi hardware man. The groom is the son of Henry Carson of Fallowfield.

AGED WOMAN DIES FROM SEVERE BURNS

Clothing Ignites While She was Standing Before Grate.

Miss Anna McGiffen of Washington, aged 82, died yesterday from burns. As she was standing before an open grate in her bed room her garments ignited, and in an instant she was wrapped in flames. Her screams attracted Mrs. Elizabeth Keough who, at the risk of her own life, extinguished the fire with a blanket.

Miss McGiffen was a sister of the late Colonel Norton McGiffen, a soldier of the Mexican and Civil wars. She was born and reared in Washington, but had spent the greater part of her life in Connellsville.

RECITAL ATTRACTING CONSIDERABLE INTEREST

Will be Last Opportunity to Hear Noted Charleroi Singer.

Many tickets have been sold for the musical recital to be given at the Charleroi School hall this evening by a company of four, all Washington county talent, and under the direction of Miss Blanche Babbitt of Charleroi. The recital is to be given for the benefit of the Young Girls' class of the First Baptist church, and it is hoped to realize a nice sum for them. There has been little said of Miss Ethel Blose, the pianist. She is a graduate of the Oberlin Conservatory of Music, and has the reputation of being one of the finest musicians

Pump Station is Burned to Ground

Greensboro Gas Company Suffers Loss at Centerville.

The pump station of the Greensboro Gas company, located on the James Kenney farm in Centerville borough, was burned to the ground Tuesday night at 11 p. m. An explosion of gas caused the fire. At the time of the fire Carl Kenney and his father-in-law were at the station They were severely burned. Dr. L. D. Sargent of Beallsville attended the injured men.

OPENING OF SEASON

Friday the First Day for Killing of any Kind of Game in State.

The open season for quail, wild turkey and pheasants will begin tomorrow, October 15. Quail and turkeys may be hunted until November 15 and pheasants until December 1, under the new law. Many Charleroi sportsmen are prepared to take advantage of the opening of the season.

The State Game Commission is informed that more birds are to be found in Pennsylvania particularly in the Western counties, than for 20 years. Fayette and Greene counties are said to be especially prolific of quail and many are reported also from parts of Washington county.

Turkeys in almost unprecedented numbers are reported from the Allegheny mountain regions. Pheasants and woodcock also are said to be unusually plentiful in parts of the State.

The dry weather of the past summer was especially favorable to the hatching and growth of game birds. Another reason given by the Game Commission for the increase is that the State bounty law in operation for several years past resulted in the destruction of large numbers of weasels, foxes and other noxious animals that kill off the game.

The rabbit season will open November 1 and continue until December 15. Squirrels may be shot from October 15 to December 1; deer, November 15 to December 1.

Laborers Reported Scarce.

Road contractors throughout the county report a scarcity of laborers. The daily wage has been increased from $1.50 to $1.65 and even the inducement of $1.75 meets with a tardy response. It is predicted that contractors will be paying $2 per day for laborers before spring. Ten hours constitute a day's work.

OTHER TOWNS TO ASSISA

Lodges in Valley Group will Send Delegations to Charleroi.

Valley Echo Commandery, No. 379, Knights of Malta of Charleroi, are arranging for a fraternal visit of the grand commander and others of the grand officers on Tuesday evening, October 26. A special committee consisting of Arthur Slaughter, Charles Richards and Joseph Hepler with Herbert Swartzlander and Robert Reid as assistants to arrange for the affair. A social session will be the principal feature of the evening's enjoyment.

Among the officers it is thought will be here are Sir J. T. Sebower of Uniontown, grand commander; A. E. Corns of Wilkinsburg, grand generalissimo; John H. Hoffman of Philadelphia, grand recorder. Other lodges in the valley group will send delegations. They are Belle Vernon, Monessen, Donora, Monongahela, and Fayette City. It is thought that the affair will be the most auspicious social event in the history of the local order, which is comparatively new.

The Valley Echo commandery has about 60 members, these being from some of the principal citizens of the town. William Walters is president, L. R. Walters generalissimo, Joseph Hepler captain general, Thomas Hudspith prelate, Elmer Hazlett senior warden, Arthur Slaughter, warden, and Charles Richards, sentinel.

WEDNESDAY WAS MISSIONARY DAY

Several Charleroi People Attend Centennial at Pittsburg.

Yesterday was Foreign Missionary Day at the Christian Centennial at Pittsburg. Among those who attended from Charleroi in addition to Rev. and Mrs. Boblitt were Wm. Darby, S. K. Scott, Mrs. Mary Moffitt, Mrs. John Snyder, and Mrs. Sophy Nichol. The dedication of the Gospel Steamer for missionary work on the Kongo river in Africa was the most interesting feature of the day. The boat, which is called the Oregon, was constructed at the yards of Jas. Rees and Sons, Duquesne way, Pittsburg. It cost $14,000 and will be taken to Africa in sections and assembled at the mouth of the Kongo river. A deficit of $6,000 for its installment was raised at the dedication in six minutes.

Today is American Christian Missionary Society day. Parallel sessions are held at Carnegie Hall, Duquesne Garden, and Luna Park, at which many Charleroi people are in attendance.

Mrs. I. N. Frye and Mrs. R. S. Phillips and daughter are attending the Christian centennial today at Pittsburg.

A Good Opportunity.

The increased demand for fire and mine bosses throughout this section opens up a new field of endeavor for young men engaged in coal mining. Heretofore these positions were more or less limited, and many who qualified themselves for the positions could not find openings. Now the situation is changed. The increased care demanded by the State official on account of recent mine disasters, as well as the growing demand for coal and the opening up of new operations, calls for more skilled and trained workmen.

With this opportunity for promotion every young man in the mines who can should prepare himself and try to pass the examinations for higher positions which are held from time to time. There are various schools and classes that give instructions among these lines, which can be utilized at spare times, with profit to the student. Young men who have not had school advantages to qualify them can attend the various night classes, such as the Douglas College in Charleroi and the Y. M. C. A. at Monongahela provide, and later supplement this with the necessary technical instruction. Under present conditions coal mining offers splendid inducemenets to bright, hustling young men for advancement, and all who can should prepare themselves to take advantage of the opportunity.

Care for the Orphans.

At the annual State convention of the Directors of the Poor and Charities which closed at Bedford yesterday Judge J. W. Bouton, in an address, said that if charity were extended to more poor persons there would be fewer criminals. He declared that more public homes and schools for orphan children where they may be trained are needed. Such institutions are better and more necessary than public libraries, he said.

One has only to look around in our own community to realize the truth of Judge Bouton's assertion, as well as the importance of carrying out his recommendations. The sudden death of a husband and father, or wife and mother, often leaves a family of young children unprovided for, and without a natural protector and guardian. It is these young children, with unnatural burdens thrust upon them, that are prone to wander astray and many of them gravitate into lives of crime and vice for lack of proper support and home training and care. It is at this stage that the public should step in and render the necessary aid. Orphans' schools and institutions, similar to the soldiers' orphan schools, should be maintained for the unfortunate little ones whom death has deprived of their natural protectors. When this is done fewer penal institutions and juvenile courts will be necessary.

Undemocratic.

A student over at W. and J. college refused to carry out a senseless regulation imposed by others a grade above him. This was the wearing of a certain kind of cap carrying a badge signifying inferority to those who imposed the penalty. As a result the student was hazed—drenched under a pump. He promptly had his assailants arrested and fined, and now he is assailed on every side in college circless as a violator of the "gentlemen's" code that is supposed to exist there.

Hazing and fagging in schools and colleges are relics of barbarism, and should have no place in an American institution. The practice is handed down from the old English custom of vasselage and class distinction, when the strong oppressed the weak and might made right. Then under students were subjected to a peonage that made existance a terror. The underlings were made body servants of the elder students and subjected to all sorts of degredations. In a modified form the practice has been handed down to our own schools and colleges, and to their disgrace is tolerated still.

The W. and J. student who refused to wear a badge of inferiority only asserted his manhood and an inalienable right guaranteed under the American constitution. The college faculty should take stronger steps than merely to express its disapproval of exerting violence in "carrying out any student regulation." The college should not permit any such undemocratic and senseless student regulation to exist.

ELECTRIC SPARKS

Between the rumpus kicked up by Mrs. Eddy and her Christian Scientists, and the question of whether or not the championship games were honestly played, we common sheep do not have much time to read even the council news.

We have read all kinds of fiction, but never yet have come across a book in which the hero was a bowlegged man.

In Boston Tuesday three Chinamen were sent to the happy hunting grounds through the electric chair. A short while ago California was in favor of sending the entire delegation from Japan and China to most any place, preferably the stamping ground of his Satanic majesty.

And now they start that Peary and Cook scrap going again. Suppose to settle the whole thing so that everybody will believe it is for them both to try to locate the South Pole and let the first one back will be sufficient proof of his ability, have the whole honor.

It isn't the question of who discovered America so much now, as who discovered Honus Wagner and Ty Cobb.

It is so distressing to read of the frequency with which wives are killing their husbands. It may become a habit with them.

One nice thing about living in the North Pole region is that you can melt the ice and use the water for drinking purposes, with perfect safety.

England and Germany both insist that there is no trouble existing between them, but nevertheless they are still laying in a supply of gunboats, and the like. Suppose they are just doing that as a sign of peace.

People up in the vicinity of Johnstown are greatly excited over what they tihnk is a bear, the smallest in the world. They say it is no larger than a peanut. They ought to know better out there than to take a beetle for a bear.

The ice man is laying down his tongs scowling a scowl and the coal man is picking up his shovel, heaving a smile, while the long suffering public is groaning and wondering if after all it wouldn't be better to move.

One disappointment to Ernest F. Acheson, the self-appointed reformer over at Washington, would naturally be the appointment of Senator George T. Oliver on a committee to secure temperance legislation in the Senate by the Christian church.

The best rules of conduct are not always foot rules.

ATHLETICS CAUSE STIR

Monessen People do Not Present Status of Affairs.

Taxpayers of Monessen are opposed to organized athletics being made a part of the school work in High School, and one or two of the lower grades, and as a result of such opposition several complaints have been entered, the principal ones coming from the parents of the boys who are the most interested in athletics.

Many parents in registering their complaints declare that the school work of their sons has been much retarded on this account, and it is their desire that the school board interfere and co-operate with the faculty in an effort to have the attention of the young men directed entirely to their studies and school work. Superintendent Lytle has made a ruling that a certain percentage must be reached before any boy is eligible to devote any of his time to athletics.

This ruling does not satisfy, however, it is said, and the complaints are to the effect that organized athletics be strictly tabooed hereafter.

ALL NIGHT BAKERIES.

Where New Yorkers Can Have Wants Supplied at Any Hour.

Among the many places of business of one and another sort that in a great city are kept open all night are bakeries.

The bakery is a peculiarly domestic business establishment, supplying mostly home wants, and as most people work days and sleep nights it might be supposed that there would be no occasion to keep bakeries open nights, but here, where with the city's manifold industries there must be a large number of people working at all times to keep things going, there are bakeries that do keep open and find trade at all hours.

Some of these all night bakeries have lunch room attachments, where people stop in to eat going to or from work, while others do a bakery business only. At either customers come in at all hours of the night to buy things to carry away, just as people do at any hour of the day, for the people who go to work at midnight or at 1, 2 or 3 o'clock in the morning want bread and bakery stuff before they go, just the same as do those who begin their labors at 7, 8 or 9, and there is likely to be in their neighborhood an all night open bakery where they can regularly supply their wants.

From 2 to 5 a. m. are the hours that mark low ebb in the all night bakery trade, but customers are dropping in all night long.—New York Sun.

Your Money Back if You are Not Satisfied with the Medicine we Recommend.

We are so positive that our remedy will permanently relieve constipation, no matter how chronic it may be, that we offer to furish the medicine at our expense should it fail to produce satisfactory results.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxatives or cathartics do much harm. They cause a reaction, irritate and weaken the bowels and tend to make constipation more chronic. Besides, their use becomes a habit that is dangerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine or descending colon. To expect permanent relief you must therefore tone up and strengthen these organs and restore them to healthier activity.

The discovery of the active principle of our remedy involved the labor of the world's greatest research chemists. A sanctive agent it possesses the valuable qualities of the best known intestinal tonics as well as being particulary pleasant and prompt in its results.

We want you to try Rexall Orderlies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons and old folks as well as for the robust. They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on other associate organs or glands. They do not purge, cause excessive looseness nor create any inconvenience whatever. They may be taken at any time, day or night. They will positively relieve chronic or habitual constipation if not of surgical variety and the myriads of associate or dependent chronical ailments, if taken with regularity for a reasonable length of time. They come in two sizes of packages, 12 tablets, 10 cents; 36 tablets, 25 cents. Sold in Charleroi only at our store,—The Rexal Store. The Carroll Drug store.

Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter."—MRS. CHAS. BARCLAY, R.F.D., Graniteville, Vt.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing female complaints such as inflammation, ulceration, local weaknesses, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unsurpassed for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and, as Mrs. Barclay says, it is "worth mountains of gold" to suffering women.

Sheriff's Sale.

By virtue of a writ of Gevari Facias issued out of the Court of Common Pleas of Washington County, and to me directed, there will be exposed at public sale at the Sheriff's Sales room in the court house, in the Borough of Washington, Washington County, Pa., Saturday, the 23rd Day of October, 1909, at 1:30 o'clock p. m., of said day, the following described real estate, viz:

All the right, title and interest of the defendants, in and to all those certain lands and tenements more fully specified below, of which those described under the headings "First" "Second" and "Third" are situate in the Borough of Speers, Washington County, Pa., and those under the heading "Fourth" are situate partly in said Borough of Speers and partly in the Borough of Bells Vernon, Fayette County, Pennsylvania, and which are severally designated as follows, in that certain mortgage which was made by Fred C. Speers to D. M. Donehoo, Ruth Junk and Sarah Margaret Junk, and is recorded in Washington County in Mortgage Book No. 98, at Page 37, etc., to wit:

"All those certain pieces or parcels of land described below as "First" and "Second" and the undivided one-fifth of all those other certain lots or parcels of land described "Third;" and all of mortgagor's estate, right, title and interest in and to the Ferry known as the Bells Vernon Ferry, etc., described "Fourth" situate in the Borough of Speers, Washington County, Pa., viz: First, beginning at corner of mortgagor's other lot on line of alley No. 3 of said town, thence along the line of said alley, north 35 degrees, east 436 feet to a point on the Monongahela river, thence up said river, south 59 degrees, 15 minutes, east 156.2 feet to a point on line of Van L. Speer's lot; thence by said lot south 31 deg. 15 min. west 338 feet to a point, thence north 59 deg. 15 min., west 41.8 feet to a point; corner of other lot of mortgagor, thence south 31 deg. west 67.7 feet to a point; thence by same north 59 deg. 40 min., west 156 feet to a point the place of beginning. Containing 71217 square feet of land, being the same lot of ground conveys to Edna P. Gow, by Sarah A. Speers by deed dated January 3, 1901, and by said Enda P. Gow and husband to said Fred C. Speers by deed of even date herewith. Second, beginning at a point on line of said alley No. 3, corner of lot formerly owned by Wm. W. Speers, thence along said alley north 35 deg., east 15 feet to the line of lot above described, thence by said lot south 59 deg. 40 min., east 156 feet to a point; thence still by said lot north 31 deg. east 67.7 feet to a point; thence by same lot, out of Van L. Speers and lot of S. C. Speers, south 59 deg. 15 min., east 237.5 feet to a point, thence by S. C. Speers lot south 37 deg. 15 min., west 185.5 feet to a point in line of Van L. Speer's other lot, thence by said lot north 59 degrees, 15 min., west 217.5 feet to a point on line of lot formerly owned by Wm. W. Speers, thence by said lot north 31 deg., east 82.3 feet to a point, thence still by said lot north 59 degrees, 40 min. west 156.7 feet to a point, the place of beginning. Containing 23,742 square feet of land, on which is erected a brick dwelling house, being the same lot of ground conveyed to said mortgagor by Sarah A. Speers by deed dated January 3, 1901, and recorded in Deed Book 351, page 24. Third, all the undivided one-fifth of each and all of those certain tracts, pieces or parcels of land situate in said Borough of Speers, designated and known as purparts, C., D., G., I., J., and K., in the partition proceeding in the estate of Noah Speers, deceased, at No. 1, August Term, O. C., 1901. Partitions being real estate of which said Noah Speers, died seized, and which inter alia was awarded to said Fred C. Speers, et al., the interest of said Fred C. Speers being the undivided one-fifth thereof as stated above, excepting therefrom and out of the operation of this mortgage, 8 888-1000 acres of purpart "J" conveyed to S. C. Speers by deed dated Jan. 17th, 1903, and also a lot 50x150 recently conveyed to the Electric Light company, being part of purpart "K". Fourth, all the estate, right, title and interest of mortgagor in and to the Bells Vernon Ferry, and in and to the wharfs and landings on both the Washington and Fayette sides of the river.

The piece of land designated above as purpart "G" has erected on it a two-story frame building.

Said lands and tenements are taken in execution and will be sold as the property of Fred C. Speers, the above named mortgagor, with notice to Warren S. Sharpless, his trustee in bankruptcy, and to Mrs. Wm. Smock and Mrs. Margaret Dunkerly, tenant in possession, defendants, at the suit of D. M. Donehoo, Ruth Junk and Margaret Junk McDowell, [formerly Sarah Margaret Junk,] plaintiffs.

LIBERAL DONATIONS OF FRUIT FOR HOFPITAL

Committee will Receive Fruit or Vegetables on Saturday of this Week.

"Fruit Day" held by the Ladies Auxiliary of the Monessen-Charleroi Hospital here yesterday was quite a success, many liberal donations of fruit being received for the hospital.

On Saturday of this week at the old Mirror office on McKean avenue a committee will be present to receive donations of the hospital. It is thought that at this time the farmers could donate something from their farms.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

MOTHER OF SIXTEEN IS NEARLY AT 96

Her Progency Included Triplets and Three Pairs of Twins.

Mother of 16 children, including triplets and three pairs of twins, Mrs. Harriet Young of West Bethlehem township, the oldest woman in Washington county, celebrated her ninety-sixth birthday yesterday. Five children and 29 grand children were present.

Mrs. Young enjoys the best of health and reads her Bible and the daily papers without glasses. She is a daughter of the late James and Easter Craft Morris. Her father operated a woolen mill in Somerset township more than 80 years ago. He also conducted a mill in West Pike Run township for many years.

Mrs. Young makes her home with E. R. Young, near Scenery Hill. The other children are J. M. Young, Scenery Hill; William Young, California, Pa.; John Young, Kansas, and Mrs. Easter Welsh, Midway.

Pretty Song.

Accompanied by beautiful slides Doss James is rendering an exceedingly pretty illustrated song at the Palace Theatre. It's title is "Good Bye Girlie, Remember Me," and it is pleasing both in sentiment and melody. Last night two strong pictures were presented, "The Wheels of Justice," and the "Story of a Bank Note," which strikingly portrayed the various phases of human nature. Something new may be looked for at the Palace any time.

Party to Honor Friend.

A crowd of about thirty Charleroi people went to the home of Mrs. Sarah Rodgers in Fallowfield township last evening where a party was held in honor of Samuel Rodgers, who has recently returned from Mexico. The evening was spent delightfully with music and various social diversions. Lunch was served.

At the Star.

At the Star Theatre this week Price and Noeker will hold forth in a singing and talking act, said to be high class in every respect. The second number on the bill will be Harrington in a refined musical sketch. It is said of Harrington that he plays any instrument that is made, or can be made.

Benefit Play

"Louisiana," a home talent play will be presented at the Monessen Opera House Wednesday and Thursday evenings, November 3 and 4. The cast is being coached under direction of F. A. McCloskey who directed the Lady Minstrels here this summer for the benefit of the Lady Macabees. The play is for the benefit of the Monessen-Charleroi Hospital.

GUV. STUART SHOWS THE WAY

Popular Executive Leads the Republican Nominees.

PENROSE SOUNDS A WARNING

Philadelphia to Stand Loyally by the Full Party Ticket, and Importance of Big Vote in State Is Dwelt Upon.

[Special Correspondence.]

Philadelphia, Oct. 12.

With Governor Stuart presiding at the opening meeting of the campaign, the largest Republican rally ever held in South Philadelphia, the canvass for the state and local candidates may be said to be fairly under way.

That every man on the Republican city ticket will be elected by at least 50,000 majority is the confident prediction of those in a position to gauge public sentiment and that Judge von Moschzisker, Philadelphia's representative on the state ticket and his colleagues, Messrs. Sisson and Stober, will poll the full party vote, is conceded on every hand.

There is a spectacular campaign being waged by a few malcontents against the local Republican ticket, with the aid of the Wanamaker newspapers.

The fact that all of the independent newspapers are this time refusing to foster the schemes of the Van Valkenburg political bureau is a source of chagrin to the old-time insurgents.

The great mass of the public spirited citizens are in line with the Republican party.

Governor Leads the Way.

Governor Stuart's attitude is truly representative of the thought of the best citizenship of the community.

In his address opening the campaign the governor among other things said:

"I am here tonight in behalf of the Republican ticket, at a Republican meeting, to speak in favor and to use my best efforts, and by my presence, to show my sympathy with the Republican ticket, and my interest in the success of that ticket in state, city and county, at this time, in Philadelphia.

"The state ticket is headed by a candidate whom you well know, and that position is justice of the supreme court.

"That gentleman has been nominated by the Republican party for the office of justice of the supreme court, and the name of the gentleman is Judge von Moschzisker, a resident of Philadelphia county, and a member of the Philadelphia bar, and he has filed the position as a member of one of our courts for the past seven years; a young man of undoubted ability and integrity, and a man, to my mind, who will make one of the greatest jurists of this commonwealth. By reason of his position as a candidate for the supreme court of Pennsylvania, he will not be here tonight."

He then paid a tribute to each of the local candidates, and in presenting Messrs. Sisson and Stober, the state nominees, who were present at the meeting, he was very felicitous.

Tribute For Penrose.

Not only was the initial meeting of the canvass a great and imposing affair, but on the following night there was a great demonstration given in honor of Senator Penrose by the workingmen of Kensington in recognition of his services in formulating the new tariff bill.

This was undoubtedly the greatest gathering of the kind ever held in this city, it was an expression of loyalty to the Republican party, which will be evinced, as they said, in a practical way in the vote at the coming election.

The nominees on the Republican state ticket had a conference with Colonel Wesley R. Andrews, chairman of the Republican state committee, this week, and report that the receptions accorded them in every place they have visited have been spontaneous and cordial in their enthusiasm. They are assured that there are no defections or dissensions anywhere, and that they can expect the full party vote at the coming election.

The schedule of meetings for this week include visits to Uniontown, Greensburg, Huntingdon, Lebanon, Honesdale, Scranton and Wilkes-Barre

Notice to the Public

NOTICE is hereby given that stores which use the name of LOUIS BEIGEL will be prosecuted to the full extent of the law. I do this for the reason that certain people have gained the impression that I am the proprietor of more than one shoe store. I hereby state that I am in no shape or manner connected with any other shoe store than the one located at 419 McKean Avenue, Charleroi, Pa. I make this statement so that the people will not be fooled into patronizing any of the so-called "sample" stores using my name, and afterwards find that they were not dealing with the old reliable firm which has for seventeen years been doing business in Charleroi. Unprincipled methods have been introduced by shoddy dealers of the city who send out to their hired agents in country towns cheap and unreliable goods. We hereby warn our patrons, as well as those of other reliable stores, to look out for stores that use our name and pretend that I am the owner of such stores.

Red Cross Shoe

The Red Cross Tanning Process

The ordinary sole is tanned in six weeks; acids used to hurry the tanning parch and burn the leather. This is why ordinary shoes feel hot and heavy, why they draw your feet. The Red Cross sole is tanned by a *special process* that takes six months—you can bend it double when new.

LOOK FOR THE TRADE MARK

Such is the decree of Fashion and much foot suffering has been the result.

You may believe as many other women have that you have to sacrifice comfort to get style. You don't. You can get both in the same shoe.

Come in now and let us show you the Red Cross Shoe.

The Red Cross styles for Fall will please the most critical taste. The extremely short appearance they give your foot make them strikingly attractive. You will like the season's newest models; the still shorter effects; the new tops; the higher heels daintily shaped; the rich tones in dull leather.

And you will find the Red Cross Shoe absolutely comfortable the moment you put it on.

It is not the shape of the Red Cross Shoe that makes it so easy to walk in. Tanned by the special Red Cross process, its sole is flexible, it bends with your foot. You can select any style you prefer and wear it right out of the store

Come in today and let us fit you

Oxfords $3.50 and $4.00.
High Shoes $4 and $5.

INDUSTRIAL ACTIVITIES CONTINUE IN THE VALLEY

Much Better Showing is Being Made than Last Year.

FACTORIES ARE OPERATING

Coal Mines Proving a Big Factor also in Establishing Prosperous Conditions.

Increased industrial activities have been most noticeable and freely commented upon in this valley within the past few months. Trade has boomed in all departments, and such has been the change that from the large percentage of idle men last year at this period there is now not enough men for the many jobs. In fact it is not at all difficult for one willing to work to secure a position.

Nearly all the mines along the Monongahela Valley are running now and the amount of coal that is being shipped to other points is surprising. The railroad is now handling a bulk of trade such as it had not enjoyed for two years or more. Hundreds of cars pass through Charleroi to Pittsburg and other places daily, laden mostly with coal and coke, but containing some products from factories along the valley. In fact so great is the demand for coal and coke, especially the latter, that the producers are unable to entirely meet it. During the dull period there was no demand, and little was laid away for the future, so that with the coming on of more prosperous times, the little aleady on hand was exhausted and orders are being received daily for more than can be readily handled.

In Charleroi there has been much improvement over the year 1908. In March of that year the Pittsburg Plate Glass factory here closed down and remained so for about seven months, only being stated when the plant at Tarentum burned in October. The Hamilton Bottle factory was closed, and part of the Macbeth-Evans chimney force was laid off all summer and late into the fall. The Hussey-Binns Shovel plant was operating, it might be said occassionally, and the Charleroi Coal mines were not reaching near their former output. Now all the factories named above and the Charleroi Coal mines are in operation, employing a total, it is estimated of about 3,000 people. The estimated monthly pay is in the neighborhood of $125,000 or $130,000 not including the money which would naturally reach Charleroi through outside chanes.

Indications are for steady runs of the factories, and with the mines operating hereabouts in places north and south of here, this part of the county will probably reach within the next few months the highest stage of industrial development in its history.

Fayette City to Protect Merchants

Now to Pass Bills there Requires License Costing $6.00.

The Fayette City council has passed an ordinance requiring a license costing $6.00 for the privilege of distributing hand bills from house to house in that town. This is regarded as more or less of a nuisance by the residents and officials of most towns, requiring to a certain extent police surveillance and extra expense in street cleaning. Incidentallly it is a protection to the home merchants by keeping out in a measure advertising matter of outside competitive firms.

FIRE BOSSES ARE NEEDED

Demand will Cause State Department to Call for Examinations.

From the demand for fire bosses in mines of Pennsylvana it is likely that the State Department of Mines will issue in the near future a call for examinations. The demand is probably more noticeable in this immediate section, where new mines are opening up and increased working forces being put on in the old ones.

Although the State department has not announced its intention yet of taking this action, it is said it is bound to come. Recently a mine superintendent of this vicinity received a call from the Frick people of Fayette county for several fire bosses. Two were sent but there is still a demand for more.

With the changing of the district in Pennsylvania this section was given another district, the 21st. The inspector for it is F. W. Cunningham of Charleroi. It comprises the territory on both sides of the river, from North Charleroi to the Diamond mines of Brownsville. The first district, in which Monongahela is included, and in which Charleroi was formerly, is under Inspector Alex. McCauch. The Brownsville district, No. 16, is under Inspector Howarth.

The examining board of the new 21st district has not been selected by Mr. Cunningham thus far. The 1st district board is composed of Inspector McCauch, John McVicker of Monongahela and A. N. Jenkins of Charleroi.

It is probable that the examinations for mine foreman will be held earlier than usual, and those desiring to take it, are requested to begin work. Any fire boss that desires a position at the present time is invited to confer with the inspectors of the district.

MINERS RECEIVE THREE WEEKS' PAY SATURDAY

The coal miners in this vicinity will have a three weeks' pay on Saturday, and the merchants are preparing for a big week's end trade. It is not many times in the year that the mines have a three weeks pay, and when they do it means a good business for the stores and business places of Charleroi. This is the center of a group of mines of which the pay is large. The mines pay every two weeks with the exception of about four tims each year. At this time the pay is of course more than the average and means increased trade for the merchants.

TEACHERS WILL TAKE UP STUDY OF NATURE IN THEIR MONTHLY MEETINGS

Will Prepare to Give Instruction Later in the Subject--Superintendent Pentz Forms Outline,

SCHOOLS SHOW MUCH PROGRESS EARLY IN YEAR

In the course of a week or so the teachers of the Charleroi schools will take up the study of nature and class room management as a special professional training course, the idea being that they can in this way be greatly benefitted for their daily school work. It is intended later to have the study of nature included in the regular school course here and the teachers expect to fully prepare to give instructions in it.

The idea is one of Prof. Pentz' the superintendent, and it is under his direction that the studies will be taken up. At present he is preparing an outline, and will place this in the hands of the teachers within a short time. Thereafter monthly meetings will be held and ideas of the subjects in hand discussed. Nearly every teacher has purchased books, "Hodge's Nature Study of the Land," "and "Bagley's Class Room Management" to be used. It is not the intention to have an organization of teachers, but merely to hold meetings as a body at which time there will be general discussions of the text. The teachers are taking much interest in the matter and feel that such a course will prove of inestimable value to them.

In the past teachers have had courses similar to this, but it is not thought on such an extensive scale as this will be. The schools thus far this month are in good shape. There is a good attendance, and much better than last year. Excellent work is being done in every room, and indications are that this will be a banner year for the Charleroi schools.

CHARLEROI COUPLE WAITED UNTIL CENTENNIAL TIME TO BE MARRIED

John K. Carson and Miss Belva L. Duvall Wedded at Pittsburg by Rev. H. C. Boblitt.

The Gazette Times this morning published the announcement of the wedding of John Kitts Carson of Fallowfield township and Miss Belva L. Duvall of Coal Centre. With the article it also published a picture of the couple with Rev. H. C. Boblitt who performed the ceremony and Dr. John A. Jayne, who arranged matters at Pittsburg. The Gazette Times said:

"The publicity office in the Disciples of Christ headquarters on Liberty street was yesterday afternoon the scene of the marriage ceremony which made Miss Belva L. Duvall Mrs. John Kitts Carson. For two months the happy Charleroians have been delaying this momentous event in ther lives so that the wedding could be solemnized during the centennial anniversary of the founding of the church in which they are loyal workers.

"The Rev. H. C. Boblitt, pastor of the First church of Charleroi, accompanied Miss Duvall and Mr. Carson to the city yesterday. Long ago they had told him that he was to perform their marriage ceremony, and the scene would be the headquarters building of the Disciples of Christ. He sent word to the Rev. Dr. John A. Jayne, chairman of the publicity bureau, that he would arrive in the city with the couple yesterday.

"The Charleroi party was delayed and Dr. Jayne saw visions of a postponement of the wedding because of the closing of the marriage license office. He arranged to have this important bureau of the county government remain open. When the bridal party arrived Dr. Jayne placed his office at its disposal. The Rev. Mr. Boblitt performed the ceremony and Dr. Jayne offered a prayer.

"The big crowd at headqarters thronged about Mr. and Mrs. Carson to offer congratulations. In the midst of the handshaking Dr. Jayne asked the bride to spell her last name and of course she gave the letters which formed "Duvall."

"Oh, no," said Dr. Jayne, "it's Carson for the remainder of your journey through life."

Mr. and Mrs. Carson will remain at the Fort Pitt hotel until the close of the convention and then will take an eastern trip.

They will reside in Fallowfield township on a farm of Mr. Carson's. The bride is a sister of D. R. Duvall the Charleroi hardware man. The groom is the son of Henry Carson of Fallowfield.

AGED WOMAN DIES FROM SEVERE BURNS

Clothing Ignites While She was Standing Before Grate.

Miss Anna McGiffen of Washington, aged 82, died yesterday from burns. As she was standing before an open grate in her bed room her garments ignited, and in an instant she was wrapped in flames. Her screams attracted Miss Elizabeth Keough who at the risk of her own life extinguished the fire with a blanket.

Miss McGiffen was a sister of the late Colonel Norton McGiffen, a soldier of the Mexican and Civil wars. She was born and reared in Washington, but had spent the greater part of her life in Connellsville.

RECITAL ATTRACTING CONSIDERABLE INTEREST

Will be Last Opportunity to Hear Noted Charleroi Singer.

Many tickets have been sold for the musical recital to be given at the Charleroi School hall this evening by a company of four, all Washington county talent, and under the direction of Miss Blanche Babbitt of Charleroi. The recital is to be given for the benefit of the young girls class of the First Baptist church, and it is hoped to realize a nice sum for them. There has been little said of Miss Ethel Blose, the pianist. She is a graduate of the Oberlin Conservatory of Music, and has the reputation of being one of the finest musicians

GRAND LODGE OFFICERS WILL VISIT LOCAL ORDER

Knights of Malta will Entertain on Tuesday, October 26.

OTHER TOWNS TO ASSISA

Lodges in Valley Group will Send Delegations to Charleroi.

Valley Echo Commandery, No. 379, Knights of Malta of Charleroi, are arranging for a fraternal visit of the grand commander and others of the grand officers on Tuesday evening, October 26. A special committee consisting of Arthur Slaughter, Charles Richards and Joseph Hepler with Herbert Swartzlander and Robert Reid as assistants to arrange for the affair. A social session will be the principal feature of the evening's enjoyment.

Among the officers it is thought will be here are Sir J. T. Sebower of Uniontown, grand commander; A. E. Corns of Wilkinsburg, grand generalissimo; John H. Hoffman of Philadelphia, grand recorder. Other lodges in the valley group will send delegations. They are Belle Vernon, Monessen, Donora, Monongahela, and Fayette City. It is thought that the affair will be the most auspicious social event in the history of the local order, which is comparatively new.

The Valley Echo commandery has about 60 members, these being from some of the principal citizens of the town. William Walters is president, L. R. Walters generalissimo, Joseph Hepler captain general, Thomas Hudspith prelate, Elmer Hazlett senior warden, Arthur Slaughter, warden, and Charles Richards, sentinel.

Pump Station is Burned to Ground

Greensboro Gas Company Suffers Loss at Centerville.

The pump station of the Greensboro Gas company, located on the James Kenney farm in Centerville borough, was burned to the ground Tuesday night at 11 p. m. An explosion of gas caused the fire. At the time of the fire Carl Kenney and his father-in-law were at the station They were severely burned. Dr. L. D. Sargent of Beallsville attended the injured men.

OPENING OF SEASON

Friday the First Day for Killing of any Kind of Game in State.

The open season for quail, wild turkey and pheasants will begin tomorrow. October 15. Quail and turkeys may be hunted until November 15 and pheasants until December 1, under the new law. Many Charleroi sportsmen are prepared to take advantage of the opening of the season.

The State Game Commission is informed that more birds are to be found in Pennsylvania particularly in the Western counties, than for 20 years. Fayette and Greene counties are said to be especially prolific of quail and many are reported also from parts of Washington county.

Turkeys in almost unprecedented numbers are reported from the Allegheny mountain regions. Pheasants and woodcock also are said to be unusually plentiful in parts of the State.

The dry weather of the past summer was especially favorable to the hatching and growth of game birds. Another reason given by the Game Commission for the increase is that the State bounty law in operation for several years past resulted in the destruction of large numbers of weasels, foxes and other noxious animals that kill off the game.

The rabbit season will open November 1 and continue until December 15. Squirrels may be shot from October 15 to December 1; deer, November 15 to December 1.

Laborers Reported Scarce.

Road contractors throughout the county report a scarcity of laborers. The daily wage has been increased from $1.50 to $1.65 and even the inducement of $1.75 meets with a tardy response. It is predicted that contractors will be paying $2 per day for laborers before spring. Ten hours constitute a day's work.

WEDNESDAY WAS MISSIONARY DAY

Several Charleroi People Attend Centennial at Pittsburg.

Yesterday was Foreign Missionary Day at the Christian Centennial at Pittsburg. Among those who attended from Charleroi in addition to Rev. and Mrs. Boblitt were Wm. Darby, S. K. Scott, Mrs. Mary Moffitt, Mrs. John Snyder, and Mrs. Sophy Nichol. The dedication of the Gospel Steamer for missionary work on the Kongo river in Africa was the most interesting feature of the day. The boat, which is called the Oregon, was constructed at the yards of Jas. Rees and Sons, Duquesne way, Pittsburg. It cost $14,000 and will be taken to Africa in sections and assembled at the mouth of the Kongo river. A deficit of $6,000 for its installment was raised at the dedication in six minutes.

Today is American Christian Missionary Society day. Parallel sessions are held at Carnegie Hall, Duquesne Garden, and Luna Park, at which many Charleroi people are in attendance.

Mrs. I. N. Frye and Mrs. R. S. Phillips and daughter are attending the Christian centennial today at Pittsburg.

A Good Opportunity.

The increased demand for fire and mine bosses throughout this section opens up a new field of endeavor for young men engaged in coal mining. Heretofore these positions were more or less limited, and many who qualified themselves for the positions could not find openings. Now the situation is changed. The increased care demanded by the State official on account of recent mine disasters, as well as the growing demand for coal and the opening up of new operations, calls for more skilled and trained workmen.

With this opportunity for promotion every young man in the mines who can should prepare himself and try to pass the examinations for higher positions which are held from time to time. There are various schools and classes that give instructions among these lines, which can be utilized at spare times, with profit to the student. Young men who have not had school advantages to qualify them can attend the various night classes, such as the Douglas College in Charleroi and the Y. M. C. A. at Monongahela provide, and later supplement this with the necessary technical instruction. Under present conditions coal mining offers splendid inducemenets to bright, hustling young men for advancement, and all who can should prepare themselves to take advantage of the opportunity.

Care for the Orphans.

At the annual State convention of the Directors of the Poor and Charities which closed at Bedford yesterday Judge J. W. Bouton, in an address, said that if charity were extended to more poor persons there would be fewer criminals. He declared that more public homes and schools for orphan children where they may be trained are needed. Such institutions are better and more necessary than public libraries, he said.

One has only to look around in our own community to realize the truth of Judge Bouton's assertion, as well as the importance of carrying out his recommendations. The sudden death of a husband and father, or wife and mother, often leaves a family of young children unprovided for, and without a natural protector and guardian. It is these young children, with unnatural burdens thrust upon them, that are prone to wander astray and many of them gravitate into lives of crime and vice for lack of proper support and home training and care. It is at this stage that the public should step in and render the necessary aid. Orphans' schools and institutions, similar to the soldiers' orphan schools, should be maintained for the unfortunate little ones whom death has deprived of their natural protectors. When this is done fewer penal institutions and juvenile courts will be necessary.

Undemocratic.

A student over at W. and J. college refused to carry out a senseless regulation imposed by others a grade above him. This was the wearing of a certain kind of cap carrying a badge signifying inferority to those who imposed the penalty. As a result the student was hazed—drenched under a pump. He promptly had his assailants arrested and fined, and now he is assailed on every side in college circless as a violator of the "gentlemen's" code that is supposed to exist there.

Hazing and fagging in schools and colleges are relics of barbarism, and should have no place in an American institution. The practice is handed down from the old English custom of vasselage and class distinction, when the strong oppressed the weak and might made right. Then under students were subjected to a peonage that made existance a terror. The underlings were made body servants of the elder students and subjected to all sorts of degredations. In a modified form the practice has been handed down to our own schools and colleges, and to their disgrace is tolerated still.

The W. and J. student who refused to wear a badge of inferiority only asserted his manhood and an inalienable right guaranteed under the American constitution. The college faculty should take stronger steps than merely to express its disapproval of exerting violence in "carrying out any student regulation." The college should not permit any such undemocratic and senseless student regulation to exist.

ELECTRIC SPARKS

Between the rumpus kicked up by Mrs. Eddy and her Christian Scientists, and the question of whether or not the championship games were honestly played, we common sheep do not have much time to read even the council news.

We have read all kinds of fiction, but never yet have come across a book in which the hero was a bowlegged man.

In Boston Tuesday three Chinamen were sent to the happy hunting grounds through the electric chair. A short while ago California was in favor of sending the entire delegation from Japan and China to most any place, preferably the stamping ground of his Satanic majesty.

And now they start that Peary and Cook scrap going again. Suppose to settle the whole thing so that everybody will believe it is for them both to try to locate the South Pole and let the first one back will be sufficient proof of his ability, have the whole honor.

It isn't the question of who discovered America so much now, as who discovered Honus Wagner and Ty Cobb.

It is so distressing to read of the frequency with which wives are killing their husbands. It may become a habit with them.

One nice thing about living in the North Pole region is that you can melt the ice and use the water for drinking purposes, with perfect safety.

England and Germany both insist that there is no trouble existing between them, but nevertheless they are still laying in a supply of gunboats, and the like. Suppose they are just doing that as a sign of peace.

People up in the vicinity of Johnstown are greatly excited over what they tihnk is a bear, the smallest in the world. They say it is no larger than a peanut. They ought to know better out there than to take a beetle for a bear.

The ice man is laying down his tongs scowling a scowl and the coal man is picking up his shovel, heaving a smile, while the long suffering public is groaning and wondering if after all it wouldn't be better to move.

One disappointment to Ernest E. Acheson, the self-appointed reformer over at Washington, would naturally be the appointment of Senator George T. Oliver on a committee to secure temperance legislation in the Senate by the Christian church.

The best rules of conduct are not always foot rules.

ATHLETICS CAUSE STIR

Monessen People do Not Present Status of Affairs.

Taxpayers of Monessen are opposed to organized athletics being made a part of the school work in High School, and one or two of the lower grades, and as a result of such opposition several complaints have been entered, the principal ones coming from the parents of the boys who are the most interested in athletics.

Many parents in registering their complaints declare that the school work of their sons has been much retarded on this account, and it is their desire that the school board interfere and co-operate with the faculty in an effort to have the attention of the young men directed entirely to their studies and school work. Superintendent Lytle has made a ruling that a certain percentage must be reached before any boy is eligible to devote any of his time to athletics.

This ruling does not satisfy, however, it is said, and the complaints are to the effect that organized athletics be strictly tabooed hereafter.

ALL NIGHT BAKERIES.

Where New Yorkers Can Have Wants Supplied at Any Hour.

Among the many places of business of one and another sort that in a great city are kept open all night are bakeries.

The bakery is a peculiarly domestic business establishment, supplying mostly home wants, and as most people work days and sleep nights it might be supposed that there would be no occasion to keep bakeries open nights, but here, where with the city's manifold industries there must be a large number of people working at all times to keep things going, there are bakeries that do keep open and find trade at all hours.

Some of these all night bakeries have lunch room attachments, where people stop in to eat going to or from work, while others do a bakery business only. At either customers come in at all hours of the night to buy things to carry away, just as people do at any hour of the day, for the people who go to work at midnight or at 1, 2 or 3 o'clock in the morning want bread and bakery stuff before they go, just the same as do those who begin their labors at 7, 8 or 9, and there is likely to be in their neighborhood an all night open bakery where they can regularly supply their wants.

From 2 to 5 a. m. are the hours that mark low ebb in the all night bakery trade, but customers are coming all night long.—New York Sun.

FREE IF IT FAILS

Your Money Back if You are Not Satisfied with the Medicine we Recommend.

We are so positive that our remedy will permanently relieve constipation, no matter how chronic it may be, that we offer to furish the medicine at our expense should it fail to produce satisfactory results.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxatives or cathartics do much harm. They cause a reaction, irritate and weaken the bowels and tend to make constipation more chronic. Besides, their use becomes a habit that is dangerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine or descending colon. To expect permanent relief you must therefore tone up and strengthen these organs and restore them to healthier activity.

The discovery of the active principle of our remedy involved the labor of the world's greatest research chemists. A sanctive agent it possesses the valuable qualities of the best known intestinal tonics as well as being particulary pleasant and prompt in its results.

We want you to try Rexall Orderlies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons and old folks as well as for the robust. They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on other associate organs or glands. They do not purge, cause excessive looseness nor create any inconvenience whatever. They may be taken at any time, day or night. They will positively relieve chronic or habitual constipation if not of surgical variety and the myriads of associate or dependent chronical ailments, if taken with regularity for a reasonable length of time. They come in two sizes of packages, 12 tablets, 10 cents; 36 tablets, 25 cents. Sold in Charleroi only at our store,—The Rexal Store, The Carroll Drug store.

WORTH MOUNTAINS OF GOLD

During Change of Life, says Mrs. Chas. Barclay

Graniteville, Vt. — "I was passing through the Change of Life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter."—MRS. CHAS. BARCLAY, R.F.D., Graniteville, Vt.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing female complaints such as inflammation, ulceration, local weaknesses, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unequalled for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and, as Mrs. Barclay says, it is "worth mountains of gold" to suffering women.

Speers, thence by said lot north 31 deg., east 32.5 feet to a point, thence still by said lot north 59 degrees, 40 min., west 156.7 feet to a point, the place of beginning. Containing 28,742 square feet of land, on which is erected a brick dwelling house, being the same lot of ground conveyed to said mortgagor by Sarah A. Speers by deed dated January 2, 1901, and recorded in Deed Book 351, page 24. Third, all the undivided one-fifth of each and all of those certain tracts, pieces or parcels of land situate in said Borough of Speers, designated and known as purparts C., D., G., I., J., and K., in the partition proceeding in the estate of Noah Speers, deceased, at No. 1, August Term, O. C., 1901. Partitions being real estate of which said Noah Speers, died seized, and which inter alia was awarded to said Fred C. Speers, et al., the interest of said Fred C. Speers being the undivided one-fifth thereof as stated above, excepting therefrom and out of the operation of this mortgage, 8 88-1000 acres of purpart "J" conveyed to S. C. Speers, by deed dated Jan. 17th, 1903, and also a lot 50x150 recently conveyed to the Electric Light company, being part of purpart "K." Fourth, all the estate, right, title and interest of mortgagor in and to the Belle Vernon Ferry, and in and to the wharfs and landings on both the Washington and Fayette sides of the river.

The piece of land designated above as purpart "G" has erected on it a two-story frame building.

Said lands and tenements are taken in execution and will be sold as the property of Fred C. Speers, the above named mortgagor, with notice to Warren S. Sharpless, his trustee in bankruptcy, and to Mrs. Wm. Smock and Mrs. Margaret Dunkerly, tenant in possession, defendants, at the suit of D. M. Donehoo, Ruth Junk and Margaret Junk McDowell, [formerly Sarah Margaret Junk,] plaintiffs.

WEDDING WILL BE ONE OF INTEREST

Charles F. Thomas and Miss Georgia Eggers to be Married this Month.

A wedding which will be of unusual interest to people of this vicnity will take place in Uniontown Wednesday evening, October 27, when Miss Georgiana Eggers will be united in marriage to Charles Thomas of Donora. The ceremony will take place at the home of the bride's parents, Mr. and Mrs. Charles Eggers, and will be witnessed by friends of both parties. Both member of the contracting couple are well known in the Monongahela valley. Miss Eggers is a former Monessen girl, her father having been president of the Monessen Savings and Trust company for some time. Mr. Thomas is cashier of the Bank of Donora and a well known business man. He is a former resident of Charleroi, and is a member of the Charleroi order of Elks. After a wedding tour the couple will take up their residence in Donora.

LIBERAL DONATIONS OF FRUIT FOR HOFPITAL

Committee will Receive Fruit or Vegetables on Saturday of this Week.

"Fruit Day" held by the Ladies Auxiliary of the Monessen-Charleroi Hospital here yesterday was quite a success, many liberal donations of fruit being received for the hospital.

On Saturday of this week at the old Mirror office on McKean avenue a committee will be present to receive donations of the hospital. It is thought that at this time the farmers could donate something from their farms.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Care in Preparing Food.

In recent years scientists have proved that the value of food is measured largely by its purity; the result is the most stringent pure food laws that have ever been known.

One food that has stood out prominently as a perfectly clean and pure food and which was as pure before the enactment of these laws as it could possibly be is Quaker Oats; conceded by the experts to be the ideal food for making strength of muscle and brain. The best and cheapest of all foods. The Quaker Oats Company is the only manufacturer of oatmeal that has satisfactorily solved the problem of removing the husks and black specks which are so annoying when other brands are eaten. If you are convenient to the store buy the regular size packages; if not near the store, buy the large size family packages. 14

MOTHER OF SIXTEEN IS NEARLY AT 96

Her Progency Included Triplets and Three Pairs of Twins.

Mother of 16 children, including triplets and three pairs of twins, Mrs. Harriet Young of West Bethlehem township, the oldest woman in Washington county, celebrated her ninety-sixth birthday yesterday. Five children and 29 grand children were present.

Mrs. Young enjoys the best of health and reads her Bible and the daily papers without glasses. She is a daughter of the late James and Easter Craft Morris. Her father operated a woolen mill in Somerset township more than 80 years ago. He also conducted a mill in West Pike Run township for many years.

Mrs. Young makes her home with E. R. Young, near Scenery Hill. The other children are J. M. Young, Scenery Hill; William Young, California, Pa.; John Young, Kansas, and Mrs. Easter Welsh, Midway.

Pretty Song.

Accompanied by beautiful slides Doss James is rendering an exceedingly pretty illustrated song at the Palace Theatre. It's title is "Good Bye Girlie, Remember Me," and it is pleasing both in sentiment and melody. Last night two strong pictures were presented, "The Wheels of Justice," and the "Story of a Bank Note," which strikingly portrayed the various phases of human nature. Something new may be looked for at the Palace any time.

Party to Honor Friend.

A crowd of about thirty Charleroi people went to the home of Mrs. Sarah Rodgers in Fallowfield township last evening where a party was held in honor of Samuel Rodgers, who has recently returned from Mexico. The evening was spent delightfully with music and various social diversions. Lunch was served.

At the Star.

At the Star Theatre this week Price and Noeker will hold forth in a singing and talking act, said to be high class in every respect. The second number on the bill will be Harrington in a refined musical sketch. It is said of Harrington that he plays any instrument that is made, or can be made.

Benefit Play

"Louisiana," a home talent play will be presented at the Monessen Opera House Wednesday and Thursday evenings, November 3 and 4. The cast is being coached under direction of F. A. McCloskey who directed the Lady Minstrels here this summer for the benefit of the Lady Macabees. The play is for the benefit of the Monessen-Charleroi Hospital.

GOV. STUART SHOWS THE WAY

Popular Executive Lauds the Republican Nominees.

PENROSE SOUNDS A WARNING

Philadelphia to Stand Loyally by the Full Party Ticket, and Importance of Big Vote In State Is Dwelt Upon.

[Special Correspondence.]

Philadelphia, Oct. 12.

With Governor Stuart presiding at the opening meeting of the campaign, the largest Republican rally ever held in South Philadelphia, the canvass for the state and local candidates may be said to be fairly under way.

That every man on the Republican city ticket will be elected by at least [illegible] majority is the confident prediction of those in a position to gauge public sentiment and that Judge von Moschzisker, Philadelphia's representative on the state ticket and his colleagues, Messrs. Sisson and Stober, will poll the full party vote, is conceded on every hand.

There is a spectacular campaign being waged by a few malcontents against the local Republican ticket, with the aid of the Wanamaker newspapers.

The fact that all of the independent newspapers are this time refusing to foster the schemes of the Van Valkenburg political bureau is a source of chagrin to the old-time insurgents.

The great mass of the public spirited citizens are in line with the Republican party.

Governor Leads the Way.

Governor Stuart's attitude is truly representative of the thought of the best citizenship of the community.

In his address opening the campaign the governor among other things said:

"I am here tonight in behalf of the Republican ticket, at a Republican meeting, to speak in favor and to use my best efforts, and by my presence, to show my sympathy with the Republican ticket, and my interest in the success of that ticket in state, city and county, at this time, in Philadelphia.

"The state ticket is headed by a candidate whom you well know, and that position is justice of the supreme court.

"That gentleman has been nominated by the Republican party for the office of justice of the supreme court, and the name of the gentleman is Judge von Moschzisker, a resident of Philadelphia county, and a member of the Philadelphia bar, and he has filled the position as a member of one of our courts for the past seven years; a young man of undoubted ability and integrity, and a man, to my mind, who will make one of the greatest jurists of this commonwealth. By reason of his position as a candidate for the supreme court of Pennsylvania, he will not be here tonight."

He then paid a tribute to each of the local candidates, and in presenting Messrs. Sisson and Stober, the state nominees, who were present at the meeting, he was very felicitous.

Tribute For Penrose.

Not only was the initial meeting of the canvass a great and imposing affair, but on the following night there was a great demonstration given in honor of Senator Penrose by the workingmen of Kensington in recognition of his services in formulating the new tariff bill.

This was undoubtedly the greatest gathering of the kind ever held in this city. It was an expression of loyalty to the Republican party, which will be evinced, as they said, in a practical way in the vote at the coming election.

The nominees on the Republican state ticket had a conference with Colonel Wesley R. Andrews, chairman of the Republican state committee this week, and report that the receptions accorded them in every place they have visited have been spontaneous and cordial in their enthusiasm. They are assured that there are no defections or dissensions anywhere, and that they can expect the full party vote at the coming election.

The schedule of meetings for this week include visits to Uniontown, Greensburg, Huntingdon, Lebanon, Honesdale, Scranton and Wilkes-Barre

Notice to the Public

NOTICE is hereby given that stores which use the name of LOUIS BEIGEL will be prosecuted to the full extent of the law. I do this for the reason that certain people have gained the impression that I am the proprietor of more than one shoe store. I hereby state that I am in no shape or manner connected with any other shoe store than the one located at 419 McKean Avenue, Charleroi, Pa. I make this statement so that the people will not be fooled into patronizing any of the so-called "sample" stores using my name, and afterwards find that they were not dealing with the old reliable firm which has for seventeen years been doing business in Charleroi. Unprincipled methods have been introduced by shoddy dealers of the city who send out to their hired agents in country towns cheap and unreliable goods. We hereby warn our patrons, as well as those of other reliable stores, to look out for stores that use our name and pretend that I am the owner of such stores.

Our Motto Is: "Solid Leather Shoes at Popular Prices"

A woman is never well dressed until her feet are well dressed

Such is the decree of Fashion and much foot suffering has been the result.

You may believe as many other women have that you have to sacrifice comfort to get style. You don't. You can get both in the same shoe.

Come in now and let us show you the Red Cross Shoe.

The Red Cross styles for Fall will please the most critical taste. The extremely short appearance they give your foot make them strikingly attractive. You will like the season's newest models; the still shorter effects; the new tops; the higher heels daintily shaped; the rich tones in dull leather.

And you will find the Red Cross Shoe absolutely comfortable the moment you put it on.

It is not the shape of the Red Cross Shoe that makes it so easy to walk in. Tanned by the special Red Cross process, its sole is flexible, it bends with your foot. You can select any style you prefer and wear it right out of the store

Come in today and let us fit you

Oxfords $3.50 and $4.00.
High Shoes $4 and $5.

Red Cross Shoe

The Red Cross Tanning Process

The ordinary sole is tanned in six weeks; acids used to hurry the tanning parch and burn the leather. This is why ordinary shoes feel hot and heavy, why they draw your feet. The Red Cross sole is tanned by a *special process* that takes six months—you can bend it double when new.
